

ArchiveIT™

A Digital photocopier that allows you to archive as you copy your documents

The screenshot shows the 'ArchiveIT - Control Panel' window. It features a large LED-style display for 'Page Count' showing '0000'. To the right, it displays 'Copies Printed' as '000' and 'Number of Copies' as '001'. The interface includes radio buttons for 'Copy Only', 'Copy and Archive', and 'Archive Only', along with a 'Document Preview' checkbox. There are 'Start' and 'Cancel' buttons, and options for 'Use Flatbed', 'Use ADF', 'Duplex Off', and 'Duplex On'. At the bottom, there are tabs for 'Scan Options', 'Suspended Jobs', 'Scanner Settings', and 'Printer Settings'. A copyright notice at the bottom reads: 'Copyright © 2006 by Intuitive Technologies, Inc. All rights reserved. ArchiveIT - Ver. 7.0.44'.

- Indicates number of copies printed
- LED style display
- Start scan process to copy and/or archive
